Committee Communications

Goals Work flow plan (David Leal)

Provided summary and list of items from our December meeting. Agreed that our goals should align with the city council mandate and were going to provide additional information to Lorenzo on the individual items to give better context for the rest of the committee.

Funds request to council to support edc work (David Leal)

David read letter that Kevin provided. Feedback was that we need to formulate the letter to provide an Executive Summary, provide Background, Detail the Proposal and Fiscal Impact and provide measureable outcomes for accountability. There were key considerations from the committee to consider whether we should wait until the EDC finalizes our goals also, wait for the City Council to have their goal setting meeting or to wait for the Economic Development Manager to be hired.

Chair and CO Chair Appointment (2018)

Sam nominated David Leal for chair seconded by Victor Passed unanimously

David nominated Sam to Vice chair seconded by Jonathan Passed unanimously
